

Seam Tapes

We are developing various seam tapes in cooperation with TORAY COATEX. Seam tapes are used not only for joining fabrics together, but also for the prevention of water soaking in. Although they do not stand out, it is essential for making a comfortable wear.

for 3-Layer Fabric : Standard SeamTapes

Backer ■ Nylon Tricot version (E302)

CONSTRUCTION	20d Nylon Tricot
	High heat-resistance PU
